CITY OF HASKELL, ARKANSAS
RESOLUTION NO. 30-2026

A RESOLUTION AUTHORIZING THE PURCHASE OF A VOGELSANG XRC100-800QD GRINDER FROM JACK TYLER ENGINEERING THROUGH A SOLE-SOURCE PROCUREMENT AND WAIVING COMPETITIVE BIDDING REQUIREMENTS

WHEREAS, the City of Haskell, Arkansas, has determined that the purchase of a Vogelsang XRC100-800QD grinder is necessary for the continued operation, maintenance, and efficiency of the City's wastewater utility system; and

WHEREAS, the City has investigated the availability of the specified grinder and has received confirmation from Vogelsang that Jack Tyler Engineering is its authorized local representative for the XRC100-800QD grinder; and

WHEREAS, based upon the manufacturer's confirmation of its authorized local representative, the City has determined that there does not appear to be a practical means of obtaining three competitive supplier prices for the specified grinder itself; and

WHEREAS, requiring competitive bidding for this particular purchase would not provide a meaningful opportunity for supplier competition if the specified equipment is available only through the manufacturer's authorized local representative; and

WHEREAS, the City Council finds that the circumstances surrounding this purchase constitute an exceptional situation in which competitive bidding is not feasible or practical and that a sole-source procurement is appropriate, provided the required supporting documentation is maintained; and

WHEREAS, Arkansas Code Annotated § 14-58-104(21) authorizes municipalities to purchase goods or services available only from a single source without soliciting bids, provided that documentation concerning the exclusivity of the single source is maintained and a written proclamation from the chief executive setting forth the basis for the procurement is filed with the City Clerk; and

WHEREAS, the City Council finds that proceeding with the purchase through Jack Tyler Engineering, subject to verification of the applicable purchase price and available funding, is in the best interest of the City of Haskell and its residents.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF HASKELL, ARKANSAS:

SECTION 1. The City Council hereby finds that the purchase of the Vogelsang XRC100-800QD grinder presents an exceptional procurement circumstance in which obtaining competitive supplier bids or three separate supplier quotations for the specified equipment is not reasonably

feasible or practical, based upon the manufacturer's confirmation of Jack Tyler Engineering as its authorized local representative.

SECTION 2. Pursuant to Arkansas Code Annotated § 14-58-104(21), the City Council approves the procurement of the Vogelsang XRC100-800QD grinder from Jack Tyler Engineering as a sole-source purchase, contingent upon the City maintaining documentation supporting the exclusive source determination, including written confirmation from Vogelsang.

SECTION 3. The City Council hereby waives the competitive bidding requirements applicable to this particular purchase, to the extent permitted by Arkansas law, and authorizes the purchase of the specified grinder from Jack Tyler Engineering, subject to verification of the purchase price, availability of appropriated funds, and compliance with all applicable purchasing requirements.

SECTION 4. The Mayor is hereby authorized and directed to execute a written proclamation setting forth the factual basis for the sole-source procurement and to ensure that the proclamation, together with the supporting documentation concerning the authorized source, is filed with the City Clerk as required by Arkansas Code Annotated § 14-58-104(21).

SECTION 5. This Resolution is limited to the purchase of the Vogelsang XRC100-800QD grinder described herein and shall not be construed as a general waiver of competitive bidding requirements for other City purchases.

SECTION 6. This Resolution shall be effective immediately upon its passage and approval.

PASSED AND APPROVED this 9th day of November 2026.

CITY OF HASKELL, ARKANSAS

MAYOR'S WRITTEN PROCLAMATION OF SINGLE-SOURCE PROCUREMENT

RE: Purchase of Vogelsang XRC100-800QD Grinder – North Wastewater Treatment Plant

WHEREAS, the City of Haskell, Arkansas, has determined that replacement of the grinder at the North Wastewater Treatment Plant is necessary for the continued operation and maintenance of the City's wastewater treatment system; and

WHEREAS, the City has identified the Vogelsang XRC100-800QD grinder as the equipment specified for this replacement; and

WHEREAS, Vogelsang, the manufacturer of the specified grinder, has confirmed that Jack Tyler Engineering is its authorized local representative for the XRC100-800QD grinder; and

WHEREAS, based upon the manufacturer's confirmation and the information available to the City, Jack Tyler Engineering is the identified authorized source through which the City may obtain the specified equipment, and there does not appear to be a practical means of obtaining competitive supplier pricing for the identical grinder from multiple authorized local suppliers; and

WHEREAS, the City has determined that purchasing the specified grinder directly from Jack Tyler Engineering is a reasonable procurement approach, provided the purchase is supported by documentation establishing the exclusivity of the source; and

WHEREAS, Arkansas Code Annotated § 14-58-104(21)(A) permits the purchase of goods or services available only from a single source without soliciting bids, and subsection (21)(B) requires documentation concerning the exclusivity of the single source and a written proclamation from the chief executive setting forth the basis for the procurement.

NOW, THEREFORE, I, Clyde Crookham, Mayor of the City of Haskell, Arkansas, pursuant to the authority granted under Arkansas Code Annotated § 14-58-104(21), hereby issue this written proclamation setting forth the basis for the City's proposed single-source procurement of the Vogelsang XRC100-800QD grinder from Jack Tyler Engineering.

The basis for this determination is the manufacturer's confirmation identifying Jack Tyler Engineering as its authorized local representative for the specified grinder and the resulting lack of a practical opportunity to obtain competitive supplier pricing for the identical equipment.

This proclamation applies solely to the purchase of the Vogelsang XRC100-800QD grinder for the North Wastewater Treatment Plant and does not extend to installation, construction, or other related services, which shall be evaluated separately under applicable City purchasing and bidding requirements.

The City shall maintain the manufacturer's written confirmation and any other supporting documentation concerning the exclusivity of the source in the City's procurement records.

IN WITNESS WHEREOF, I have executed this proclamation this 9th day of November, 2026.

Taylor Finley, City Clerk/Treasurer
