

ORDINANCE NO. 06 OF 2015

AN ORDINANCE REQUIRING THAT ALL SOLID WASTE GENERATED BY CONSTRUCTION, DEMOLITION AND RENOVATION WORK DONE FOR THE CITY OF HASKELL, COUNTY OF SALINE, BE RECYCLED OR OTHERWISE PROPERLY DEPOSITED IN A LICENSED FACILITY; AND, FOR OTHER PURPOSES

WHEREAS, solid waste from construction, demolition, and renovation of buildings represents a significant portion of the volume of solid waste presently generated within the City of Haskell, County of Saline, hereafter the City of Haskell, County of Saline and much of this solid waste is particularly suitable for recycling and re-use with placement of solid waste in a landfill to be minimized; and,

WHEREAS, the City of Haskell's, County of Saline's, commitment to the reduction of solid waste requires the establishment of regulations encouraging recycling and salvaging of construction and demolition waste; and,

WHEREAS, the City of Haskell's, County of Saline's commitment to the proper recycling, reuse and disposal of solid waste requires all solid waste resulting from the City of Haskell's, County of Saline's projects to be managed in accord with state and federal law and regulations that protect both public health and the environment;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Haskell, Quorum Court of the County of Saline that:

- A. Waste Management Plan: Prior to beginning any construction, demolition or renovation activities ("Project") for the City of Haskell, County of Saline all entities, companies, partnerships and/or persons performing such Project shall submit to the Mayor of the City of Haskell and the Saline County Judge a Waste Management Plan. The Waste Management Plan shall include acknowledgement by the entity, company, partnership and/or person performing the Project that all solid waste generated by the Project will be recycled, reused or disposed of in compliance with state and federal law and regulations. This Waste Management Plan shall identify the Sub-Title D Class IV landfill (s) and/or Material Recycling Facility (ies) to which any solid waste generated by the Project will be taken. All solid waste resulting from the Project must be taken to either a licensed Class IV landfill, a licensed Class IV Construction and Demolition landfill or a licensed Material Recycling Facility.
- B. Post-Project Report: At the conclusion of any Project and prior to payment for the Project, a Post-Project Report shall be submitted to the Mayor of the City of Haskell, and the Saline County Judge. The Post-Project Report shall consist of final

documentation showing actual waste tonnage data, supported by original or certified photocopies of receipts and weight tags or other records of measurement from recycling companies, Class IV landfills or Material Recycling Facilities. The Mayor of Haskell and the Saline County Judge shall verify based on the Post-Project Report that all solid waste generated from the Project has been or are to be recycled, reused, salvaged or disposed in accordance with the Waste Management Plan prior to making final payment for the Project.

- C. Prior Ordinances Repealed: All ordinances and parts thereof in conflict with the provisions of this ordinance are, upon the effective date of this ordinance, repealed to the extent of such conflict, but not otherwise.

PASSED AND APPROVED this 14th day of September, 2015.

Janie Lyman, Mayor

Dori Lyman, Recorder/Treasurer
